

Why Chess ?

Chess is part of the curricula in nearly 30 countries. In Venezuela, Iceland, Russia, and other countries, chess is a subject in all public schools.

"Chess has long been recognized throughout the world as a builder of strong intellects, but only recently has the United States begun to recognize chess's ability to improve the cognitive abilities, rational thinking, and reasoning of even the least promising children."

Alan M. Kirschner, Ph. D.
Successchess.org

"One of the essential goals of education is to teach children to think critically: students must learn to make reasoned judgments. Chess is an excellent tool to demonstrate the theme of critical thinking."

Marcel Milat

Our History

Members of the Green Bay Chess Association have conducted the Green Bay Scholastic Chess Championships annually since 1998.

We have taught chess classes from beginner to intermediate levels through the Green Bay School District's Gifted and Talented Program since 1999. We have donated over 40 chess sets to area schools.

The Green Bay Chess Association was incorporated on October 16, 2000 as a Wisconsin non-profit corporation, and on January 22, 2002, we were approved by the IRS as a 501(c)(3) tax-exempt, publicly supported educational organization.

Because 100% of our staff time is volunteered, we maintain low overhead, assuring the most efficient use of charitable contributions.

Our Purpose

The purpose of the Association is to broaden and develop chess as a significant element of cultural life in Wisconsin.

The Association cooperates with chess clubs, schools, and other groups and institutions throughout Wisconsin in teaching chess and conducting tournaments.

Future Goals

We have accomplished much with limited resources, but with your help we would like to do the following:

- ❑ Provide chess sets and other equipment to every school in the Green Bay area, including public and private schools.
- ❑ Provide schools with instructional materials including chess books, videos, and software.
- ❑ Sponsor more events with trophies and other rewards.
- ❑ Sponsor area students to local and national scholastic events.
- ❑ Provide scholarships for students who excel in academics and chess.

How You Can Help

Individual and Corporate donations are welcome. In addition, naming rights, and other forms of recognition are available for various programs and activities including:

- ❑ Green Bay Scholastic Championship
- ❑ Brown County High School Chess Championship.
- ❑ Green Bay Open Tournament
- ❑ Green Bay Chess Championship

We rely on the generous support of the community to continue our work.

Please contact us to discuss how you can help promote chess and intellectual development in our schools and community.

Consult your tax advisor to determine if your charitable contribution is tax deductible.
